根據校規，**本校不設補測**。學生必須準時出席各科測驗。如因病告假，家長須於當天早上 8 時十五分前致電校務處，並於四月十八日(星期二)前向校務處呈交家長信及醫生證明，違者缺測之卷別作零分計算。

2022-2023 2nd Term Assessment and Points-to-note

Dear parents,

Please note that Second Term Assessment will be held during the period from 29 March 2023 (Wednesday) to 4 April 2023 (Tuesday). Please refer to the test timetable overleaf.

During the assessment period, when students arrive at school, they should tap the student card for taking attendance record. If students need to attend the first session of the test, they have to get seated in the venue before 8:15 am. For other sessions, they should get seated at least 10 minutes before the test starts. Test duration and venue may vary for different subjects. Please refer to the test timetable for details.

For the days that the students have no test, they are not required to go to school. In case the Education Bureau announces class suspension due to red/black rainstorm warning signals or typhoon signal No. 8 or above has been hoisted by the Hong Kong Observatory during the test period, the test for that day will be postponed to a date when no test is scheduled. For details, please refer to the announcement to be posted on the school website.

In addition, in order to ensure a safe environment during the test, please note that students must measure their body temperature every day before going to school. If the body temperature is normal, parents should record their child's body temperature and sign on the "Body temperature and Rapid Antigen Test Record" in the Student Handbook.

According to school regulations, **no supplementary tests will be given.** Students must attend all tests. If students could not attend the test due to illness, parents must make phone calls to the school office before 8:15 am and submit a parent letter and medical certificate to the school office before 18 April 2023 (Tuesday). For those who fail to comply with the requirements, the score of the subject paper concerned will be zero. The test timetable has also been posted on the notice board in each classroom.

The cross-curricular STEAM Ed activity held on 4 March (Wednesday) contributes to an essential part of the Integrated Science, Chinese History and STEM Ed curricular. All students have to attend the activity. Please refer to the parent letter concerned for details.

Please guide your children to prepare well and do revision properly in order to consolidate what they have learned and achieve good results.

Thank you for your attention.

Yours sincerely,
