

通告編號：2022/23-225

各位家長：

### 2019冠狀病毒病在5A班小規模爆發

本校得悉數名 5A 班學生確診新冠肺炎 2019 冠狀病毒病。本校已將個案報告衛生署。

衛生署建議所有學生，特別是 5A 班學生，在集體活動（如午膳聚餐）期間保持適當的社交距離，注意個人衛生（如經常用肥皂徹底洗手），並時刻佩戴口罩。學生如出現身體不適（例如發燒或咳嗽）或出現疑似病徵者，必須立即求診，並不應上學。

學校將繼續嚴格執行教育局發出的《學校健康指引》所載的各項衛生防疫措施，保持校園環境的清潔和衛生，以保障學生和教師的健康。

敬祝

安康！

校長

談國軒

Circular No.: 2022/23-225

10 May 2023

Dear Parents,

#### **Small-scale epidemic of COVID-19 at S5A**

Our school was informed that several S5A students were confirmed positive regarding COVID-19. The cases have been reported to the Department of Health (DH).

The DH suggested that all students, especially those in S5A, should maintain appropriate social distance with other people during mass activities (e.g. lunch gathering), take good care of personal hygiene (e.g. by regularly washing their hands thoroughly with soap), and tightly wear the masks at all time). If students develop related symptoms (such as fever and cough), they should seek medical advice as soon as possible, and should not go to school.

The school will continue to strictly put in place the various anti-epidemic measures stipulated in the “Health Protection Measures for Schools” issued by the Education Department. The school will always keep the campus environment clean and hygienic in order to safeguard the health of students and teachers.

Thank you for your attention!

Yours sincerely,

Tam Kwok Hin  
Principal
