Propaganda Weeks

24 September – 8 October 2021

Members of the 2 Student Union candidate cabinets flocked to the campus entrance from 7:30 a.m. to 8:00 a.m. to appeal for support from the schoolmates in these 2 weeks. Arranged by teachers, the 2 cabinets appeared on different days. They greeted the students with slogans and distributed pamphlets with their election platforms printed and some souvenirs to the students entering the school. Can you imagine how refreshing it is upon their loud hurrahy?

NOVA

WASSER

Principal's Message

This year, we have 2 cabinets standing for Student Union Election, namely “NOVA”, headed by Kong Wing Man from S5D and “WASSER”, led by Wu Ka Yan also from S5D.

Here, we hail both candidate cabinets for their hard work striving for the representation of the school and the recognition by their schoolmates. Members of both cabinets demonstrated the ethos that could boost students' spirit in the school. Their efforts paid truthfully deserve our applause.

All students exercised their right of suffrage to vote for their beloved representative team for the school. Eventually, “WASSER” won in the election.

Apart from epitomizing the school, I hope that “WASSER” will foster even closer ties among students and teachers as well as open wider opportunities for schoolmates to unleash their potentials. I believe that “WASSER” could lead the schoolmates to fly higher during their term of service.

Forum

7 October 2021

A forum opened to all students was organized after school. The candidate cabinets explained their proposed policies and strategies to their schoolmates. There was a keen debate between them on the concerns and inquiries raised by the floor students in the school hall on 7 October 2021. The forum seasoned a sense of excitement on campus.

Election Day

12 October 2021

On the Election Day, all students casted their individual votes for the cabinet to office. Despite encountering the “wind and water” tossed by the approaching typhoon “Kompasu”, our Student Union election has been successfully carried out on 12 October 2021. With the vote of 431 to 171, the cabinet “WASSER” was elected. Meanwhile, gratitude should be extended to Ms. Cheung Mei Yee, the Vice Principal, as well as Ms. Poon Mei Fung and Ms. Tse Ka Yan for their assistance to arrange all election activities.
