S1 Bridging Course & Parents Day

18-28 August 2021

Pre-S1 English Bridging Course on 18 – 27 August 2021 gave our new S1 students a taste of secondary school life and prepared them for the English learning environment in our school. The course was taught by native English-speaking tutors and students had a great time making new friends and learning in English. There were happy faces all around the campus. On 28 August 2021, parents of S1 students came to the S1 Parents' Day to gain a better understanding of the school culture and learn skills needed to be parents of secondary students.

Principal's Message

Welcome to the newsletter of Cognitio College (Kowloon). This is a place where I would like to express my appreciation for all my endearing students, applaud their hard work and dedication to both academic and non-academic activities, as well as share such joy with all of you. In other words, this serves as a communication channel among us, whether you are a parent, alumnus or a stakeholder.

This is an exciting year for me as a new member of this caring home. I find my colleagues here competent, professional and supportive. Under their guidance and facilitation, I am sure that our students can realize their potential to the fullest.

Let us join hand-in-hand to strive for the best of our students. Thank you for your trust and support for the school. We welcome your comments and enquiries and please feel free to contact us.
