Principal's Message

The Cognitio Symphonic Band Concert and three rounds of preamble performances before the introduction talks plus school tours were successfully held on 9 November and 23 November 2024 respectively, with the presentations gaining rounds of applause.

Supported by the Quality Education Fund, our symphonic Band was founded in 2000 by former Principal of Cognitio College (Kowloon) and present Chairman of the School Administration Sub-committee of the Incorporated Management Committee, Mr. Tsui Siu Keung. The band continued to grow despite constraints during the COVID pandemic, until now there are around 40 members playing woodwind, brass and percussion instruments on the stage. Under the tutelage of the Band Director, Mr. Lee Kwok Ki Joseph, the Band has been participating in various events and competitions, with astounding and commending feedbacks from the audience, embracing parents, alumni and others.

The concert was presumably arranged as a five-yearly celebration of students' performance in music to celebrate the Band's 20th Anniversary. The originally scheduled occasion in 2020 was by no means held for social distancing reasons. This music event also served as the rehearsal to pave way for the Silver Jubilee festivity, which is planned to be organized in a larger scale in the next school year.

Cultural Entertainment Gathering organized by our Alumni Association

26 October 2024

Marking its 50th Anniversary, the Cognitio College Alumni Association (CCAA) organized the captioned gathering for our alumni, teachers, students and friends in the School Hall during the afternoon of 26 October 2024. On stage, our alumni performed exquisitely to express their fabulous aesthetic talents. These included demonstrations of Tai Chi martial art, as well as performances of vocal ensemble, Cantonese opera excerpts, and the long established Harmonica ensemble.

Cognitio Symphonic Band Concert

9 November 2024

Our symphonic band presented a repertoire embracing marches, symphonic wind pieces, classic pop hits, movie theme suites and folk tunes. The repertoire also featured a synergistic brass ensemble, a touching clarinet solo, as well as a dynamic percussion section comprising relatively junior members. Hundreds of audience, including our school managers, parents, alumni, the CCAA performers and students, were very much engaged in the music of famous tunes and classical masterpieces that altogether made for an unforgettable experience.

Preamble performances

23 November 2024

We arranged an information day comprising three identical sessions of school introduction talk and campus tour to foster the community's understanding about our school. More than 1,800 visitors attended the event and the activities so arranged were very well received by them. It was definitely a lively and enjoyable day!
